ICT Based on teachcomputing.org Starting with yr 3 scheme of work.	Computing systems and networks	Creating media-animation	Creating media-desktop publishing	Data and information-branching database	Programming-Sequence in music	Programming-events and action

Performing Arts	<p>Young Voices <u>Young Voices</u> During the term, the children will be learning the extensive material for the largest school choir in the world- Young Voices, which takes place in January.</p>  <p><u>Tuned instruments</u> The children will learn to read graphic scores and simple rhythms and melodies to play glockenspiel, keyboards and hand chimes. The children will get a chance to compose some simple tunes. This will lead into a Christmas performance.</p> <p><u>Christmas Performance</u> The children will have the opportunity to take part in a performance during the end of term Christmas assembly.</p>		<p>Tell Your Story Project In conjunction with the Oxford Centre for Life Writing and the Oxford Story Museum. The children will be taught how to write and perform stories from their lives and lives of others, whether human or animal and will work with actors experienced in working in specialist environments, as well as taking part in writing workshops.</p> <p>This Unicorn's Got Talent! The children will have chance to take part in or help organise the Unicorn School's first Talent Show! This will be as child lead as possible, but they will be given inspiration for singing, dancing, magic, comedy- or anything else they might like to share!</p>		<p>Summer Musical During the summer term, the children will be working on their summer musical, this year it will be 'Time Lord'. The children will learn songs and take on role on stage and backstage to work together to put on a performance at the Unicorn Theatre.</p>
